Will your competitors see you?

Let them know who you are in the 2009 Equipment Protection Resource Guide. This issue is kept throughout the year as a valuable resource for success. It's the only guide with a TOTAL SYSTEMS APPROACH to equipment protection.

This special edition goes directly to industry's top OEM design engineers and product development, operations & management professionals. It's a fact. You will be in good company alongside the leaders in equipment protection.

The Resource Guide will appear online for one year

Follow these 4 easy steps to maximize this once-a-year opportunity!

Equipto Electronics Corporation, Packaging Solutions for Electronics

Equipto Electronics Corporation is a leading innovator and supplier of standard and custom designed packaging for electronics. Some ways the company assists customers in solving their packaging problems include:

- One of the largest and most experienced teams of electronics' packaging design engineers who consult by phone, e-mail and fax at no charge.
- Reproducible engineering drawings delivered electronically.
- Multiple lines so extensive customers can usually find exactly what they need without customization.
- Cabinets that meet earthquake, EMI/RFI, FCC, Military (Mil Std 461, 167, 810, 901), TEMPEST, EMP AND EUROPEAN EMC requirements.
- Hundreds of accessories in thousands of sizes.
- ISO Certification.
- Express 5-Day Shipping.
- Experienced customer service people and factory-trained sales representatives.
